

October 2015  
War & Peace Issues Month  
**FOR THE CLASSROOM**

The month is over, but the resources remain.

## Resources by theme

**WAR & PEACE ISSUES:** A challenging theme for the classroom. But perhaps a very valuable theme, particularly for the EAL classroom, where people from diverse contexts may be brought together. Thanks to you all for the many sensitive and meaningful ways you approached the discussions this month!

This page is a collection of the links to some of the resources that were offered, from raw to ready-to-go lessons, organized loosely by theme.

But there is so much more! To really dig into the many classroom opportunities, please go beyond these links to the [Facebook page](#) for the original posts, valuable comments and teaching ideas offered by the array of contributors. You'll find additional comments on the [GISIG Issues Month blog](#)

- **Peace, pacifism, action**
